### **OPEN WATER SCUBA DIVING COURSE**

Do you want to explore 70% of the earth's surface? Learn to dive, live the adventure!

Class has three components: E Learning at your computer, Confined Water training at Easy Divers pool, and final certification dives in Open Water (think lake, quarry, springs, ocean). We offer Open Water training dives both locally and internationally and can also refer you to PADI Instructors anywhere in the world.

To participate in Scuba diving you need to be able to swim well enough to jump into the deep end of the pool and swim to the other end and back and tread water or float for ten minutes. Healthy lungs are important, so we do not teach anyone who smokes or uses smokeless tobacco products. You must complete a medical health statement and may be required to seek permission from your doctor. Group class is open to anyone 15 years of age or older. Kids 10 - 14 years old must be evaluated during a Try Diving experience before being accepted into class.

You will need your own personal snorkeling gear. Not all gear is suitable for SCUBA. Properly selected and personally fitted snorkeling gear allows for a better learning experience. We are happy to waive the \$100 SCUBA gear class rental fee for all students who purchase their snorkel gear (mask, snorkel, anti-fog, fins, & boots) from us. If you already own snorkeling gear, you may use it after it has been inspected by one of our Easy Divers Staff members. We sell professional grade scuba equipment and have competitive pricing.
