

# Dive with Whale Sharks in the GA Aquarium

February 10, 2024

Let's have an early Valentines Day treat with an over-the-top bucket list experience. The highly coveted Whale Shark dive is open to certified divers 12 years and up, and all you will need is your swimsuit and dive mask. Dive times are either 11:00 AM (8 divers) or 3:00 PM (8 divers). You may select your dive time during the registration process.

By arriving when they open at 9:00 AM, there will be plenty of time to visit all other areas of this amazing aquarium. We welcome all friends & family members to join us. Saralynn will be waiting inside the lobby door to issue you your tickets and lunch voucher.

There are also other great water experiences with the other aquarium inhabitants, call us! And you don't need to have a dive certification to participate.

We have discounted rates at the Hyatt Place right across the street – a special reservation link will be supplied after initial deposit.

The PADI Whale Shark Awareness Specialty class is at a discount price of \$79 and will greatly enrich your knowledge of these gentle giants.

Trip Fee: Whale Shark Diver - \$495
